Open Position:

Job Title	Software Engineer
Type	Part-time
Location	Izmir, Turkey
Qualifications	• Fluent English • Microsoft .NET framework 2.0 or higher (Preferred language C#) • SQL • SQL Server Integration Services (SSIS) • SQL Server Reporting Services (SSRS) • SQL Server Analysis Services (SSAS) • SharePoint, CRM, or mobile development experience is a plus
Description	Software Engineer will be working in a team with software architects, business analysts, and other software engineers. We work on custom software development projects in 4 practice areas: web, mobile, CRM, and SharePoint. Since this is a junior position, we will provide a mentor to train this resource before they can work on their own.

Note: The interviews will be in English. Resource must be at the office minimum of 2.5 (preferably 3) days every week.
